

## Online Library - Law Resources

All students studying for a University of Wales qualification at a collaborative centre can take advantage of the Online Library. This web-based library service provides students with supplementary resources to those offered by the library service at a collaborative centre. It is continually being developed, with more subject areas and new resources being added and as part of our Global Campus website, the Online Library can be accessed 24 hours a day, from anywhere in the world.

### Westlaw UK

This legal database includes:

- case law back to 1865
- over 300,000 full text law reports

### Study Skills

There is a dedicated section to show students **how to reference, avoid plagiarism, find theses and dissertations**, and it offers a list of available **study skills ebooks** from our ebook collection.
